Check out my blog.

Overview

- Purpose/target audience
 - Color Scheme
 - Design Considerations
 - Sitemap/Wireframes
 - Site Screenshots
 - Challenges
-

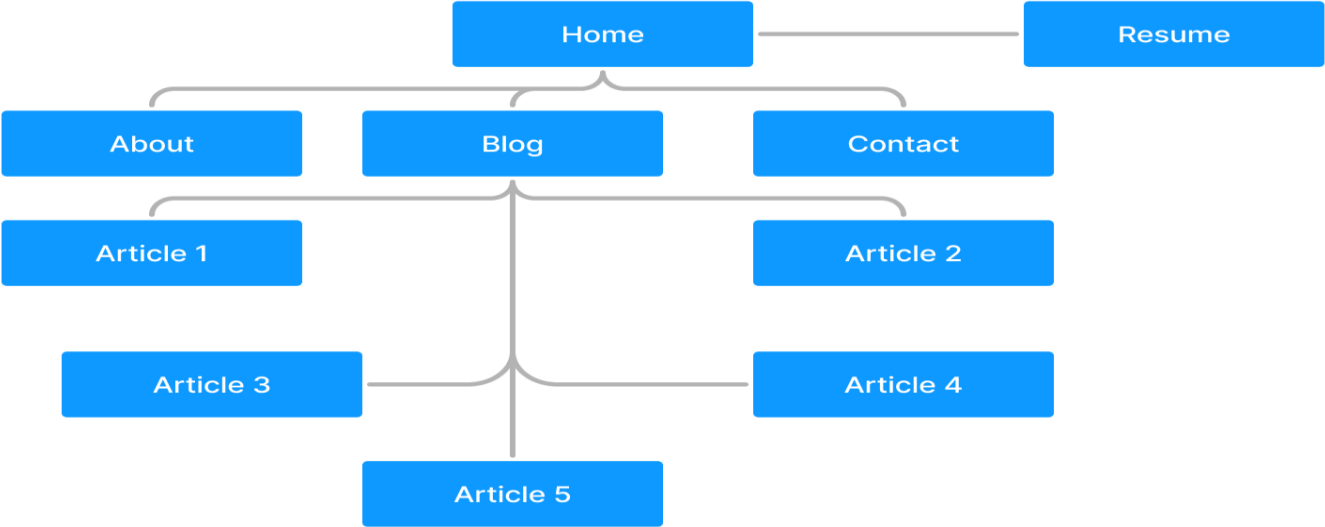

Purpose & Target Audience

- Employers
 - Engineers
 - Recruiters
 - Fellow enthusiasts
-

Sitemap

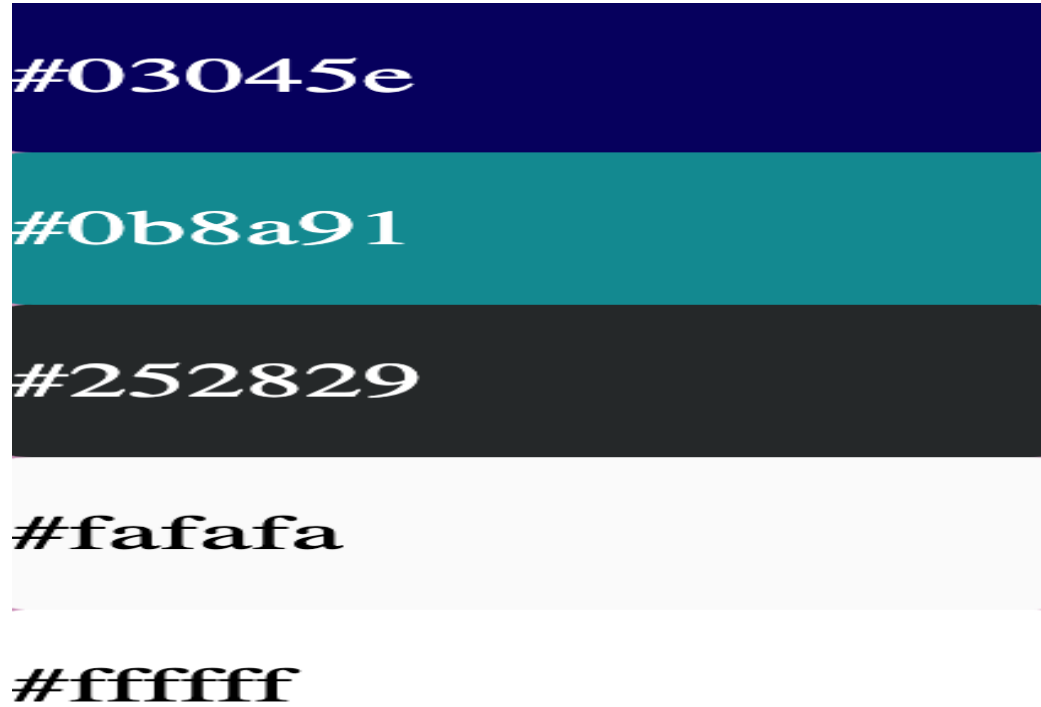

Design Considerations

- Wanted site colour palette to conform to my avatar
 - Wanted a more minimalist design so I opted not to give the nav/footers any background shading
 - I wanted whatever was in my <main> to be the focus of the viewer
-

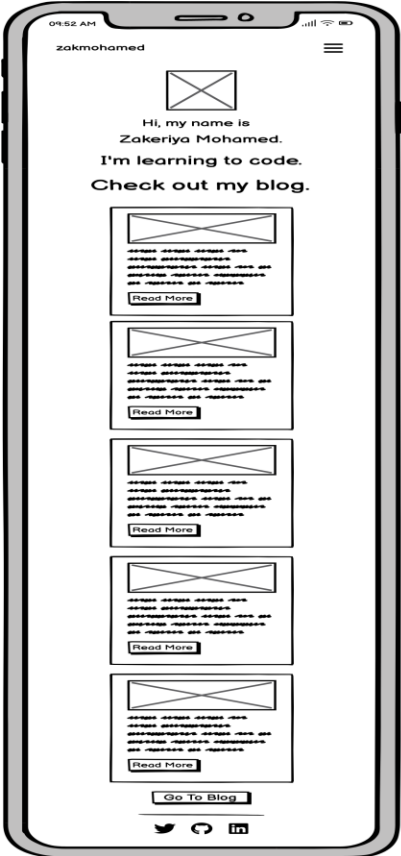

Colour Palette

About (Mobile)

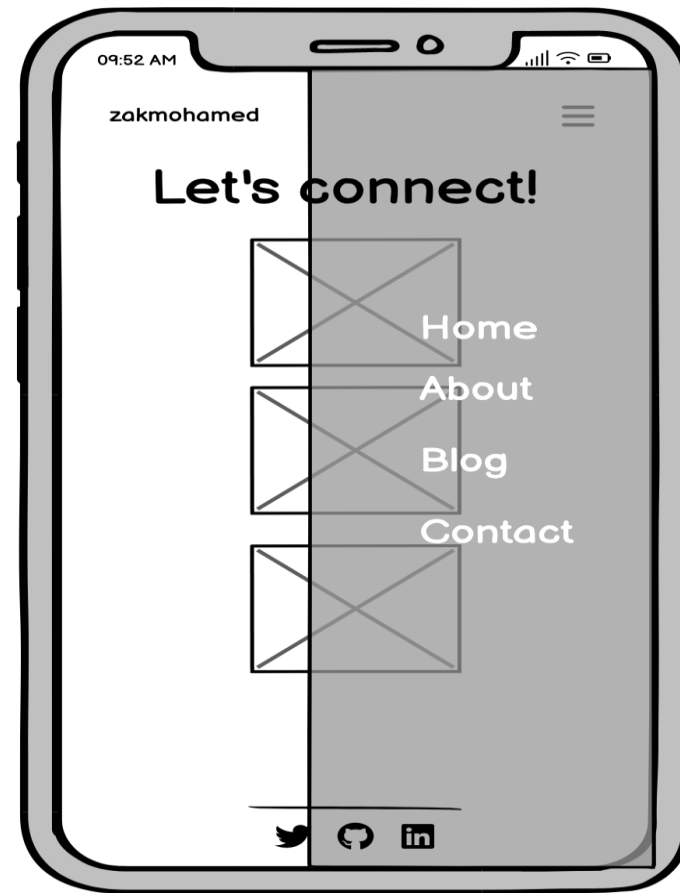

Blog (Mobile)

Blog Articles (Mobile)

Contact(Mobile)

Desktop/Tablet Wireframes

- Went with the same layout for most pages but just made it responsive to the increasing screen size between tablet and desktop
 - Changed flex direction for contact page social icons for tablet/desktop view
-

About

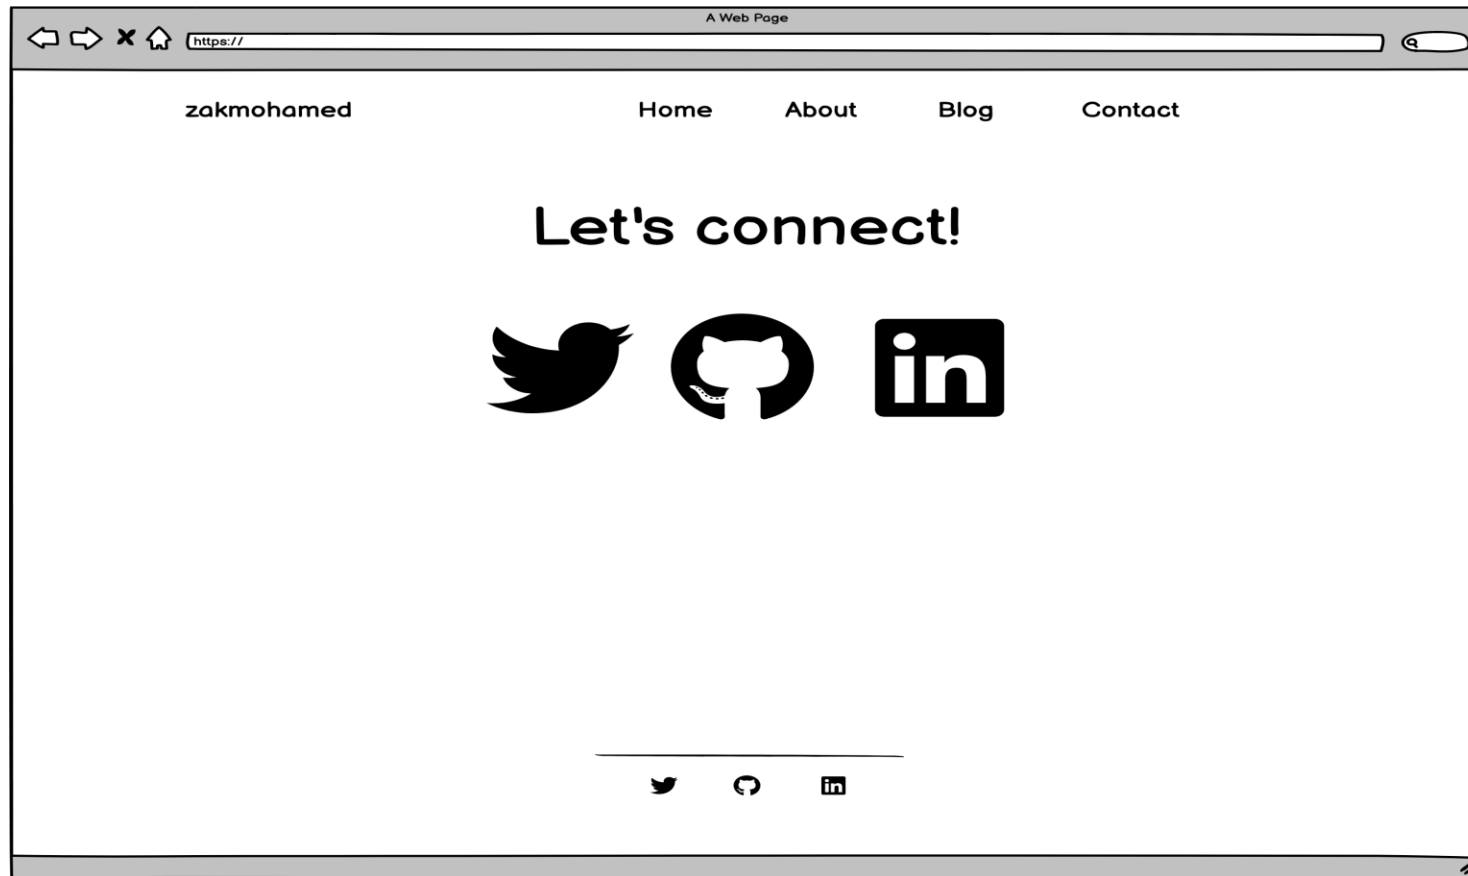

Blog

Blog Articles Page

Contact

Components

- Graphical and Text based components were used.
- Components were keeping in minimalist design

Four Thousand Weeks

Assuming you live to 80, you'll have lived about four thousand weeks. If you're anything like me and want to make the most of those four thousand or however many thousand weeks we actually get, then look no further than Oliver Burkeman's instant classic here.

I must say, this is a different kind of 'productivity' book if you're into that kind of thing, and it really flips the conventional productivity tips and tricks on their head, the author describing himself as a recovering productivi...
